8. Recent Patient Reviews

I was so pleased with my experience here. Everyone was welcoming, friendly, and professional. They were thorough, took the time to explain what they look for, ensure they had visual records to compare back to for subsequent visits, and in general just took care excellent care. I'm actually looking forward to my next visit! And my next visit did not disappoint! I will be happy to keep coming back!

Dr MacDonald is fair, kind, and explains the treatment and options, answering any questions you might have. Receptionist, hygiene, and assistant staff are very kind and helpful too.
— ***Joshua Admas***

- Dr. MacDonald is attentive, calm and fairly priced. He doesn't balk at complex cases or pull teeth out if they can be saved, and always follows up. Staff is friendly and efficient. It's a pleasure to come to this clinic, and I feel fortunate to benefit from Dr MacDonald's skill and experience.
